DETAILED ACTION

The amendment filed on 2/27/2006 has been entered. Claims 59-60 remain for examination.

Allowable Subject Matter

Claims 59-60 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: As previously stated, the prior art discloses various methods programming the bar code reader by (i) loading executable parameters from a host computer; (ii) loading executable parameters from the printed bar codes; (iii) directly from another bar code reader; etc. The claims differ in calling for a method of developing an application program comprising the steps of developing an application program at a developer computer, developing the final application in binary executable code, download the binary executable application program into a wireless PDT (portable data terminal); and running the application program on the PDT in the manners as recited in claim 59.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thien M. Le whose telephone number is (571) 272-2396. The examiner can normally be reached on Monday - Friday from 7:30am - 4:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael G. Lee can be reached on (571) 272-2398. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
